UNIMAGE IS GOING GREEN : Something New about Your School Uniforms

Did you know that **UNIMAGE** has made the resolution to join the ecological movement for the new year?

The year 2021 will mark a new green start for us with initiatives reflecting a sustainable development perspective.

We will provide eco-friendly, ethical clothing in our school uniform offerings.

A CONSCIENTIOUS GENERATION DESERVES GREEN CHOICES!

The new products would be an incredible chance for your school to show its environmental responsibility while having a real impact on the preservation of our planet.

We only work with BSCI (Business Social Compliance Initiative) certified ethical factories around the world, based on international conventions for the protection of workers' rights and the environment.

Follow in our footsteps and proudly offer your students ethical, responsible clothing **IN YOUR SCHOOL COLOURS!**

The following will be added to our existing products made from 100% organic cotton:

- > Polypropylene bag (recyclable)
- > Compostable bag
- > Vegan shoes (for the start of the 2021 school year)
- > Eco-friendly clothing (for the start of the 2021 school year)

UNIMAGE, A UNIQUE COLLECTION IN YOUR IMAGE

Founded in 2007, UNIMAGE has offered high-quality school clothes in private and public schools' colours for more than fourteen years in youthful styles at affordable prices. By designing a unique clothing collection, UNIMAGE contributes to each institution's notoriety.

UNIMAGE's mission is to serve families with its experience and reliability to be a companion in their daily lives. It is also going green by joining the ecological movement through concrete actions and the addition of eco-friendly items to its offerings.
